

1897 20pneu8

Mr. Washington Epps (Dr. G. Russell & Co.) writes on Jan 18
"First to wish you many happy returns of the day, & next to
tell you what infinite pleasure your book gives me both
in a personal & religious way. I feel as if I were having nice
little talks with you, as of old, & also an account of the
great interest in the subject & method of treatment.
Of course it would not be ~~me~~ me, if I had not a longing
to have heard the lecture & joined in a discussion (I
can see you smile & resignedly shake your head!). I
mean to present the book to all the mothers of my
acquaintance (as funds will allow). I like you
very & deeply, so much, that it is really a profession
to bring up one's children."

P.R. Vol I P. 570 Bishop Otter College for
Gentlemen.
